\*OE (original equipment for new vehicles)  
 REP (replacement market)  
 OHT (off-highway tires)

## Sales & Profits Up

Achieved record-high 4Q sales revenue and business profit

Tire Business: Strong sales especially in Europe, Asia and other regions

OHT Business: Expanded REP sales in difficult market environment

(Billion yen)	2024 4Q result	Change	Change(%)
Sales revenue	311.8	+19.0	+6.5%
Business profit	51.0	+1.0	+2.1%
Business profit margin	16.3%	-0.8%	

## 4Q sales in each business

### ■ Tire Business (passenger cars, trucks & buses, etc.)

Tire sales volume YoY growth rate: Global sales (YoY) 108% (OE 103% REP 110%)

OE: In Japan, sales supported by strong sales of new cars fitted with Yokohama tires

In China, a strengthened development system helped boost new OE sales to Chinese automakers

REP: Sales growth driven by aggressive marketing in Japan, strong sales of high-inch tires in Europe, and expansion of sales channels in India and other Asian markets

### ■ OHT Business (YOHT & Y-TWS)

Tire sales volume YoY growth rate: Global sales (YoY) 98% (OE 74% REP 113%)

Agricultural machinery tires (AG): YOHT's strong REP sales in Europe, Asia, and Middle East offset decline in OE sales caused by difficult market conditions as construction machinery makers sharply reduced output

Tires for non-agricultural machinery (non-AG): Strong REP sales offset weak OE demand for industrial machinery and construction machinery

### ■ MB Business

Hose & Couplings: Sales revenue down YoY, mainly owing to weak demand from construction machinery makers and from automakers in North America

Industrial products: Sales revenue up YoY on strong sales of conveyor belts, marine products, and aerospace products supported by supply capability strengthened by investments to expand production capacity and improve production efficiency
