Regarding Publication of the Yokohama Rubber Group Integrated Report 2024

Masahiro Yuki

Member of the Board and Officer, in charge of Corporate Finance & Accounting Dept. and IR Dept., Deputy Head of Tire Business Planning Div., Chairman of Yokohama Rubber (China) Co. Ltd.

Yokohama Rubber has been publishing an integrated report since 2022 to deepen stakeholders' understanding of its initiatives for medium- to long-term corporate value creation. Integrated Report 2024 serves as the third integrated report published by the Company.

In this report, we have taken into account the opinions of our stakeholders as much as possible in order to provide a clear understanding of the business model behind our initiatives and the value creation story we envision, as well as how we aim to achieve sustainable growth through Hockey Stick Growth in our new Medium-term Management Plan YX2026.

As the director with overall responsibility for the production of this report, I hereby state that the process by which it was prepared was conducted properly and the information contained herein is accurate.

My hope is that this report will facilitate an understanding of the Group and provide opportunities for the co-creation of value with stakeholders.
