## **YOKOHAMA's "ADVAN" to Come Factory-Equipped on New Mercedes-Benz GLC-Class Models**

Tokyo - The Yokohama Rubber Co., Ltd., announced today that its "ADVAN Sport V105" tires for high-powered cars - part of its global flagship "ADVAN" series - have been selected by Germany's Daimler AG as original equipment for its Mercedes-Benz GLC-Class models. Tire sizes for the GLC-Class models are 235/60R18 103V and 235/55R19 101V.

The "ADVAN Sport V105" will bear Daimler's official stamps of approval, with "MO". The tires deliver all of the stability in the super high-speed range, with further improved performance on wet and dry surfaces and braking. Quiet ride and a high level of comfort are finely balanced.

YOKOHAMA tires have been designated as original equipment on numerous other Mercedes-Benz models, including the S-Class, G-Class, E-Class Coupe, C-Class, CLS-Class, SL-Class, SLK-Class, B-Class, GLA-Class, and the A-Class.
